OVERVIEW

The East Cape Department of Education (ECDoE) had to re-prioritize teacher development programmes to accommodate the challenges Covid -19 had brought about in 2021. Normal residential face-to- face training had to be suspended, while holiday training was affected by calendar changes. With the reduction of Covid-19 restriction levels and to make up for lost ground, the Teacher Development Chief Directorate is now able to consider a recovery plan between April 2022 and June 2022.

The ECDoE teacher development programmes featured in this flyer offer capacity building of educators prioritizing various activities to provide the relevant support programmes in order to deal with the negative effects of the Covid 19 pandemic. The implementation of SIAS Strategy and Antibullying programme in schools will contribute early identification to support learners who experiences barriers to learning.

The 2-day face to face workshops, which will be mainly decentralized to district level, to bring training closer to the teachers, but also prevent the extreme expenditure on accommodation in the current financial climate. For smaller subjects the training will be centralized in residential training sessions at Institutes.

Inclusive Education has been collaborating with Teacher Development to ensure that all teachers who attend provincial courses have a high-quality overall training experience. The Inclusive Education courses on offer have all been endorsed by SACE and teachers attending the full duration of these courses will therefore earn CPTD points and SACE endorsed. The intention remains to ensure that good quality training is provided, that will impact on teaching and learning practice, and still ensure that no classroom is left without a teacher during contact time.

It is therefore a pleasure to invite teachers and to register for the teacher development training courses on offer in this flyer by completing the google registration forms on-line, **closing date Friday 3 June 2022.**
