SUBJECT : TALIS 2024 STUDY

DATE : 06 MAY 2024

1. The overall goal of Quality Education Programmes and Outcomes (QEPO) is to assess the effectiveness of the entire education system and the extent to which the vision and the goals of the education transformation agenda are being achieved to produce quality teaching and learning.
2. The Directorate Quality Promotion and Standards is mandated to conduct, monitor and report on Provincial, National and International Studies. This is a mandate that resides within the Sub-Directorate Quality Education Programmes and Outcomes.
3. South Africa is participating in the **Teaching and Learning International Survey (TALIS 2024)**. TALIS is the largest and most in-depth international survey about teachers and their working conditions. It offers an opportunity for teachers and school principals **to provide input on education matters and teacher professional development**. TALIS 2024 focuses on the learning environment, working conditions and general pedagogical knowledge of teachers in schools. **Teachers teaching either Grade 8 or 9 learners are requested to participate in the survey.**
4. 49 schools have been sampled in the Eastern Cape and participation of these schools is essential to ensure that the TALIS study is representative and successful. An important addition to TALIS 2024 core survey is the addition of Teacher Knowledge Survey (TKS) which will be investigating the pedagogical knowledge of teachers. **(See Attached ANNEXURE of list of sampled schools)**
5. **Up to 20 randomly sampled teachers and the principal** will be asked to contribute to the core survey module. In addition to the core survey, up to 15 teachers will contribute to the Teacher Knowledge Survey (TKS).

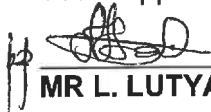

TEACHER AND LEARNING SURVEY (TALIS 2024 STUDY)

6. **The survey must be completed online during 13 June – 31 July 2024.** The expected time to complete the surveys is around 60 minutes. Please note that sampled teachers will only contribute to only one of the TALIS modules, either the core survey or the TKS.
7. Each sampled school has nominated a School Coordinator who will coordinate all TALIS 2024 activities at the school for the duration of the administration of the study.
8. Directorate Quality Promotion and Standards will conduct training for TALIS 2024 School Coordinators and District coordinators on administration of 2024 Teaching and Learning International Survey in central venues as follows;

Trinset in Mthatha: 21 – 22 May 2024 for Cluster A

MMELI: 27 – 28 May 2024 for Cluster B.
9. This training is done in preparation for the TALIS 2024 administration that will take place from **13 June – 31 July 2024 in 49 sampled schools in the Eastern Cape.**
10. It is against this background that a request is made for the release of the above officials to attend these trainings for the smooth administration of this survey.
11. Accommodation for the first day of the training and catering for 2 day training period will be provided by the Province. However, Districts and schools should make their own transport arrangements to get to the venues.

Your support for this international survey is appreciated.
