

Provincial Teacher Development Courses

East London Institute – 2nd Term of 2019

TO ALL TEACHERS TEACHING IN THE FOLLOWING DISTRICTS:

Buffalo City Metro and Amathole East

OVERVIEW

The East London Institute was originally established by the Eastern Cape Department of Education in 2004 as an organizational structure to help meet the management needs of the Department through management development activities. These include, amongst others, training, research and the availing of a training facility for use by the various Directorates and Chief Directorates in the Department. During 2018 the courses on offer at the Institute only targeted national priority subjects, i.e. Mathematics, Sciences and Languages. The courses on offer during 2019 have been expanded to include provincial priority subjects, i.e. high enrolment subjects and technical subjects.

The East London Institute primarily services teachers in its two surrounding districts, i.e. Buffalo City Metro and Amathole East.

Curriculum Management has been collaborating with Teacher Development to ensure that all teachers who attend provincial courses have a high-quality overall training experience. To this end, the FET courses on offer have all been endorsed by SACE and teachers attending the full duration of these courses will therefore earn CPTD points. The GET courses are also to undergo SACE evaluation prior to the June/ July 2019 training.

The team at the East London Institute looks forward to hosting you at one of the upcoming provincial Teacher Development training courses taking place during the June/ July 2019 school holidays.

Head of the East London Institute
